Say Hello to HTML Elements

Problem Explanation

Consider the following example:

```
<p>This is a paragraph</p>
```

You can refer to as a '***p element***'; broke down to pieces you can find the following subelements:

subelement	description
<p>	This is the opening tag
This is a paragraph	This is the element's text
</p>	This is the closing tag

Aug 2019

Remember the challenge request:

change your h1 element's text to say "Hello World"

Good luck!

This is what is meant by opening and closing angle brackets in either an opening tag or a closing tag:

< opening angle bracket.

closing angle bracket >

freeCodeCamp is a donor-supported tax-exempt 501(c)(3) nonprofit organization (United States Federal Tax Identification Number: 82-0779546)

Our mission: to help people learn to code for free. We accomplish this by creating thousands of videos, articles, and interactive coding lessons - all freely available to the public. We also have thousands of freeCodeCamp study groups around the world.

Donations to freeCodeCamp go toward our education initiatives, and help pay for servers, services, and staff.
